

FACT SHEET

ADVANCED MANUFACTURING

Central Virginia is the heart of Virginia, a business friendly, right-to-work state, and home to more than 280 manufacturing companies employing more than 6,100 people. Opportunities abound to manufacture and deliver goods and services by leveraging connectivity to four interstates, rail freight service, and the Port of Virginia.

Central Virginia Partnership for Economic Development

Make Central Virginia the location for your next *Bold* venture!

CENTRAL VIRGINIA ADVANTAGES

- The Central Virginia region is about 100 miles southwest of Washington, D.C., and provides access to more than half of the U.S. population and most major markets within 750 miles - most within a one-day delivery by truck.
- Central Virginia offers convenient access to the Port of Virginia, the deepest shipping channel on the East Coast; and, excellent rail connectivity through Norfolk Southern and CSX with rail served sites located throughout the region.
- As one of Virginia's five strategically placed Foreign Trade Zones, Central Virginia's FTZ #185 allows companies involved in international commerce to improve the cost competitiveness of their U.S.-based operations.
- Manufacturing firms benefit from generous local incentives for qualifying firms, including cash grants, loan guarantees, tax rebates, and training funds and a favorable business structure, demonstrated by a low manufacturing tax structure.

DEMONSTRATED RECORD OF SUCCESS

EURO-COMPOSITES is the general supplier of KEVLAR honeycomb for the Joint Strike Fighter (F-35) of Lockheed and is one of two companies worldwide with the capability to produce glass fiber honeycomb with aviation authorization.

Northrop Grumman manufactures navigation devices and provides safe, efficient, and reliable navigation solutions for the commercial and defense maritime industries.
